PRESS COMMUNIQUE.

Private Trade with French Indo-China.

It is now possible for persons and concerns in British India to carry on private trade with persons and concerns in French Indo-China subject only to the existing export, import and financial regulations in force in this country.

Properties belonging to persons and concerns in French Indo-China which have already been vested in the British Indian Custodian of Enemy Property will, however, continue to remain so vested, although moneys arising from transactions now authorised with that country will no longer vest in him.
